Weekend Words - Year 4

What have we been learning this week?

Public speaking

A huge well done to our two finalists for Year 4! You got up there and gave it your all and we are so proud of your achievements!

Maths

In maths we completed our work on position and direction, remembering that key phrase for co-ordinates…. 'along the corridor and up the stairs!'

Sports day

We had a great day and we were so proud of the determination and resilience that all the children showed!

PSHE

we have finished our 'Changing Me' unit, learning about how our bodies will change during puberty.

Reminders

One last plea, PLEASE …

We still have quite a few families that need to make payment for The Problem Solving Company and VR Enrichment Days.

Whilst we appreciate these are voluntary payments, without your support they cannot be put on.

Please send an extra big with child next week so they can bring home the books which are not being passed up to Year 5.

What are we looking forward to?

22nd July – school closes for summer, 1:30 pm.

How are we at the end of another school year?! The Year 4 team wanted to say a huge thank you to both our students and their grown ups for the amazing year we have had. We hope you have a wonderful summer holiday and look forward to welcoming you back in September!

Summer Holidays

Tuesday 1st and Wednesday 2nd September – INSET DAYS

Thursday 3rd September – children return to their new Year 5 classes!

Spellings

We have finished our spelling lists. Please help your child practice the Year 3 and 4 words that they do not yet know – even focusing on 10 will make a huge difference!

You can also find these in Summer 2 spellings on Purple Mash.

Thank you!
